A bit about me:

Welcome to Premier Beauty, where your beauty therapy is more than a treatment – it is your special time for pampering Luxury!

I'm Alison McCreddie, a highly experienced and fully insured beauty therapist as well as your expert guide to achieving your beauty goals. With over 25 years of industry expertise, I am absolutely passionate about providing you with a professional service that exceeds your expectations.

I earned my HND in Beauty Therapy in 2000 and immediately began my journey as a Beauty Therapist in a prestigious Hotel spa. Eventually, I took on the role of spa manager, ensuring exceptional standards across all operations. Driven by my passion for beauty and helping others, I decided to embark on a new adventure in 2006 and founded Premier Beauty. Since then I've loved being able to help hundreds of women to achieve their beauty goals and am fortunate to have lots of long-term clients from various walks of life who know that they can rely on me for a wide range of beauty treatments and services.

At Premier Beauty, I believe that consultation is key. Your unique needs and preferences are at the forefront of every treatment. I tailor bespoke treatments that address your specific concerns effectively and I take pride in making my services inclusive and accessible to all.

To ensure your complete satisfaction, I offer a complimentary 10-minute consultation to both new and existing clients. This no-obligation session allows us to delve into your beauty needs, discuss your goals, and determine the best treatments for you. Whether you prefer an in-person consultation at my tranquil salon or the convenience of a Zoom call, I am here to accommodate your preferences.

But Premier Beauty isn't just about offering exceptional services; it's also about making a positive impact in the community. When I'm not pampering clients, you can find me taking part in charity events and lending a helping hand in the local community. I believe in giving back and making a difference. In my personal life, I find solace and joy in nature. Loch Lomond is my favourite place, especially when I'm out on my paddle-board, embracing the serenity of the water. I'm also a proud mum to Nicole, who is 21, and Lola, my adorable Chihuahua companion. Thank you for taking the time to browse through my brochure. I genuinely care about your beauty journey and look forward to welcoming you to Premier Beauty. Contact me to arrange your consultation (in person or via Zoom) and let's start the journey to an even more beautiful you.

Client Testimonials

“ I had the most amazing treatment session with the wonderful Alison. The lava shell massage was out of this world, the bespoke facial left my skin with a brilliant glow and looked amazing for days after and I finished it all off with a B12 injection, something I am going to keep up after feeling the benefit. Having Lola in was the cherry on the cake. ”

Laura, Founder of Glasgow girl club.

“ My name is Lynsey, I'm from Newarthill, Lanarkshire and I'm a Civil Servant. I've been going to Alison for treatments now for just over 10 years. It took me a long time to find someone to carry out my treatments that I trusted and felt comfortable with. Alison makes me feel welcome. I've had several treatments with Alison from waxing to HD brows as well as non surgical peels, all of which I would highly recommend. All treatments were discussed and the processes explained before hand. ”

Lynsey, Civil Servant.

“ Recently had the pleasure of receiving treatment by Alison. Her professionalism, practice and attitude was excellent throughout- not to mention continued aftercare follow up. Advanced treatments outstanding, definitely recommend! ”

Joanne, Aesthetic Practitioner, Wishaw.

“ Wow.. what an amazing treatment! I had the luxury Thalgo Derma planing facial with LED light therapy and my skin has never looked or felt better. Everyone has been commenting on how my skin is glowing. Definitely recommended! ”

Jennifer, Nail Technician, Wishaw

“ I've been with Alison for 15 years now and wouldn't go anywhere else. Each time I visit I leave fully satisfied with my treatments from waxing, lashes, brows and manicure. She always works to time, and makes my time 'me' time as she never rushes, listens and have been given some good advice over the years. Although she works from home, her treatment room is very much a special, warm and professional space. ”

Jackie, Accounts Manager, Motherwell.

“ I'm Margaret, a nurse who lives in Wishaw. Alison my beautician never ceases to astound me with her knowledge & ability to translate to me about her treatments and how they will benefit me as an individual. She has a very personal touch & is very informative on how to maintain my regime. She is very enthusiastic about new products that are available. Our relationship will last the rest of my lifetime and Thalgo products will support me during my journey. She is simply the best! ”

Margaret, NHS Nurse.

Not all the fat we have on our bodies will respond well to diet or exercise. This is often called stubborn fat, help target these problem areas with our fat dissolving injections.

The fat dissolver is injected under the skin directly into the fat layer with a special needle or cannula. The procedure is carried out under local anaesthetic. The solution will dissolve the fat cells, which then undergo degradation and absorption by the body over several weeks.

Water Based Dermabrasion - The hydro dermabrasion treatment uses water jets to even out congested, blemished, Dull and discoloured skin. With the help of a diamond-tipped wand, the esthetician performs a vacuum massage that simultaneously exfoliates and hydrates the face.

Cold Hammer - The Hot/Cold Hammer introduces products into the skin by opening and closing pores and has a firming and tightening effect.

Oxygen Therapy - Which can help skin look bright and plump, calming of acne. Oxygen is known to accelerate wound healing and may also kill certain bacteria. This is why places with low levels of oxygen, such as airplanes, can cause skin issues.
